

Get a **FREE** **COVID-19 vaccine*** **at CVS Pharmacy[®]**

Find a location near you!

Those ages 12 and older can get vaccinated for COVID-19.

Vaccines are safe and effective.

Select immunocompromised individuals

are eligible for an additional dose of the Pfizer-BioNTech or Moderna vaccine.

The FDA has fully approved the Pfizer-BioNTech vaccine for ages 16+ and granted Emergency Use Authorization (EUA) for ages 12–15.

Save time and schedule your vaccination online at **[CVS.com/COVIDVaccine](https://www.cvs.com/COVIDVaccine)**
