

Bring a vaccine clinic to your organization or community

Conduct an on-site vaccine clinic at your location, with vaccines for flu, COVID-19, shingles and more. Billing can be completed through eligible insurance plans or direct invoicing to your organization.

Vaccine clinic facts and requirements

- All locations must be within 30 miles of a local CVS Pharmacy® in the same state.
- Clinics are available in all states, with limited availability in some areas.
- Vaccines will be administered by certified immunizers.
- Multiple vaccines can be administered at the same clinic, depending on the chosen vaccines.
- A minimum of 30 immunizations is required per clinic. Clinic length is determined by the rate of 12 immunizations per hour per immunizer. (Additional fees may apply for unmet minimums and unused appointments.)
- Initial steps include agreeing to program terms and conditions. Afterwards, submit and manage your clinic requests through the Vaccine Clinic Scheduler Tool.

To begin, visit the **CVS Pharmacy On-Site Immunizations Clinic** page: [CVS.com/VaccineClinics](https://www.cvs.com/VaccineClinics)
