

Postpartum depression and anxiety counseling voucher

This voucher is redeemable for one mental health counseling session conducted virtually or in person at select MinuteClinic® locations.* The voucher is available for individuals who are currently pregnant or within their first year postpartum. Patients ages 18 and older are eligible for this counseling opportunity.

For new patients, this voucher will cover one initial session. For existing patients, this voucher will cover one counseling session. [Visit CVS.com/PPD](https://www.cvs.com/PPD) for more information on ways CVS® can help.

Available in Arizona, California, Connecticut, Georgia, Illinois, New Jersey, Nevada, New York, Ohio, Pennsylvania and South Carolina only.

Schedule your no-cost counseling session:

- [Schedule a mental health counseling session online at MinuteClinic.com](https://www.MinuteClinic.com) or walk in to schedule the next available appointment at select locations.
- If walking in, register at the kiosk and select the next available appointment.
- Print this voucher and bring it with you to the MinuteClinic location. If you're unable to print, bring your mobile device to show your voucher.
- For virtual visits, tell your provider you have a voucher at the beginning of the session.

When scheduling your virtual or in-person appointment, you'll be asked to input your billing information, but as long as you present the voucher at the start of the session, you won't be billed.
